RE: Filing Taxes (tuition paid)

When filing taxes for the previous year you can get your tuition and book amount from **Facts Management**. When you're in your account in Facts go to **View Details** and then click on **View Payment Summary**. Make sure **2020** is selected for the year you will see 2018-2019 and 2020-2021 add the totals together for your amount. You can then print this sheet (upper right hand corner) out and use for your taxes. **Remember** only **tuition** and **books** are deductible.

If for some reason you do not have a FACTS Management account or are having a hard time finding your amount please contact your school and talk to Mrs. Tenut or Mrs. Roberson.

Thank you,

Mary Roberson
